	Security Systems and Alarms Inspection Board
UKAS PRODUCT CERTIFICATION **0131** Accredited to ISO/IEC 17065:2012 to provide product conformity certification	**Issue No:** 033 **Issue date:** 03 May 2023

7 – 9 Earsdon Road **West Monkseaton** **Whitley Bay** **Tyne & Wear** **NE25 9SX**	**Contact: Mr Michael Jamieson** **Tel: +44 (0)191 296 3242** **E-Mail: ssaib@ssaib.co.uk** **Website: www.ssaib.org**

Locations where certification activities covered by the above Accreditation Standard are undertaken	
Security Systems and Alarms Inspection Board 7 – 9 Earsdon Road West Monkseaton Whitley Bay NE25 9SX United Kingdom	

The flexible scope enables the Certification Body to include certification for the same or similar schemes against standards that are not specifically listed in this Schedule, providing that:

- new revisions of product standards (where the product standard is already included in the Security Systems and Alarms Inspection Board scheme and the changes do not affect the technical requirements of the scheme and/or the competence requirements)
- new standards, or codes, that are technically equivalent to the standards/codes of practice already included under the Security Systems and Alarms Inspection Board accredited scope and where competence requirements for the new standard have already been demonstrated.

The flexible scope is managed through in-house procedure QP25 and the list of standards implemented under flexible scope are detailed in the Security Systems and Alarms Inspection Board's Flexible Scope Register SPM-41 V15 dated January 2023.

Information about flexible scopes of accreditation is available in UKAS document GEN 4

0131

Accredited to ISO/IEC 17065:2012 to provide product conformity certification

Security Systems and Alarms Inspection Board

Issue No: 033   **Issue date:** 03 May 2023

DETAIL OF ACCREDITATION

Product	Standard
Electronic Security Systems - United Kingdom Schemes	As defined in SSAIB Scheme Criteria SS2001 Electronic Security Systems (UK) incorporating the normative requirements of: Scheme for the application of European Standards for intrusion and hold-up alarm systems PD 6662:2017 (incorporating EN 50131) Design, installation, commissioning and maintenance of detection-activated video surveillance systems (VSS). Code of practice BS 8418:2021 Code of practice for the provision of Vacant Property Alarm Systems - SSAIB COP SS2004: 2021 Code of practice for the provision of Scaffold Alarm Systems - SSAIB COP SS2006: 2021
Electronic Security Systems – Republic of Ireland	SSAIB Scheme Criteria IR1001 Electronic Security Systems (Republic of Ireland) Including CCTV, Access Control and Intruder Alarm Systems incorporating - Licensing requirements for Security Service Providers - PSA74 Alarm Systems - Intrusion and Hold-up Systems - System Requirements - IS EN 50131-1 2010 Alarm Systems - Intrusion and Hold-up Systems- Application Guidelines - SR CLC/TS 50131-7
