

# Technical Bulletin: IAF MD 10 Withdrawal

30 November 2021

This Bulletin has been issued to confirm that IAF MD 10:2013 - Mandatory Document for Assessment of Certification Body Management of Competence in Accordance with ISO/IEC 17021: 2011 - has been WITHDRAWN by IAF.

Currently the document is still available on the IAF webpage but is shown as withdrawn and therefore is no longer valid and will no longer form part of the assessment criteria by UKAS.

The withdrawal reflects the introduction and maintenance of the various parts of ISO/IEC 17021, and related level 4 management systems documents, that address competence requirements.

Should you require any clarification on the above, please contact one of the following:
